Plan Calls For May 16 Dedication Of County Building

Plans for the dedication of the new county building in Truckee, with a public open house, a program and other features, are being made by the county building committee, the board of supervisors, the Truckee Donner Chamber of Commerce and the Native Sons of the Golden West.

The tentative date has been set for Saturday, May 16, at which time work on the $250,000 structure will be completed.

Stan Halls, chairman of the building committee, accompanied by Supervisor Neil Hennessy and other county officials was here last week, looking over the progress on the new building and conferring with Board Chairman H. G. Loehr relative to the open house and dedication.

Loehr pointed out that work has continued on the new building, located just north of the Tahoe Forest Hospital, all during the winter in order to have it ready for occupancy by early summer.

Completion of the building, which will house a new jail, sheriff's office and other facilities, will mark the culmination of a long and hard struggle, led by Loehr. Bitter oposition to the method of financing the construction was raised and there were times when the entire project was threatened with collapse.

However, the supervisors, headed by Loehr and the building committee, fought back and as a result, the east end of the county now boasts a vital asset, one which has been needed for some time.

Full details of the dedication plans will be announced as they are worked out, Loehr explained.

Port Dedication Plans Continuing

Preparations for the dedication ceremonies for the Truckee Tahoe Airport are going forward at an accelerated rate, with additional organizations and prominent individuals accepting invitations to participate.

The latest acceptance came from the Flying Farmers Inc. of California, according to Andrew Creglow, district manager. He has been in communication with Chairman Forest Fiorini of Turlock, who is also chairman of the California Aeronautics Division and has been assured that a group of some 79 persons in 40 plans will be on hand June 20-21 for the dedication.

The California Council of Aviation Association, comprising a group of 150 has also accepted an invitation to attend.

With cancellation of the California Farm Bureau Federation conference at Las Vegas which had been scheduled for the same date as the dedication, Allan Grant, president from Visalia and Fred Heringer of Clarksburg, first vice

Man Loses Life In Firey Destruction Of Olympic Hotel

Following the disastrous fire at the Olympic Hotel which claimed one life and threatened others as well as a number of nearby structures Saturday night, a move is on foot to have the debris removed and a much needed parking lot located on the grounds for the adjacent post office.

The old Truckee landmark, formerly the Southern Pacific Hotel, until it was moved to its present location on Bridge Street in 1958, was completely destroyed and the body of a roomer, Fred E. Peterson, about 70, was found in the ashes Sunday shortly after noon.

The body was discovered by two local boys, David Collins, 14, and Joe Merica, 12, who were probing the ruins. Deputy Sheriff Leo Zander and Fire Chief Edward Androus had been conducting the search earlier and had left for lunch when the boys discovered the charred remains in a bathtub.

Refuge In Tub

Apparently Peterson, a familiar figure along the main street, had left his second-floor room and took refuge in the tub when the fire flared out of control. He undoubtedly suffocated and when the floor gave way the tub and body plunged to the ground below.

One version of the fire was told by Paul Hatmaker, a Washington ski instructor, who was here for the Junior Nationals and later at the Sugar Bowl. Hatmaker said he went to the hotel between 10:30 and 11 p. m. Saturday night to get a room.

Start In Storeroom

He said that he contacted Mrs. Roy Holt, the manager, at her second floor room and was assigned a room near the head of the stairway. Hatmaker said he detected the burning odor and advised Mrs. Holt, who also smelled the smoke

The regular season opens May 2 and closes October 31.

European Skiers At Silver Belt Race

SUGAR BOWL—Edward B. Siegel, general manager of the Sugar Bowl, announced today that four top-notch European racers have been added to the star-studded Silver Belt classic on April 18 and 19.

Pia Riva, Italian Women's National Champion, who placed in the top 20 in the women's downhill at the 1964 Olympics, and 9th in both the slalom and giant slalom at the Games, will attend the races as an participant, Miss Riva was 6th in the women's Alpine combined at Innsbruck.

In the 1964 National Alpine Championships at Winter Park, Colorado, Miss Riva won the slalom, beating silver and bronze medal winner Jean Saubert of the U. S. She also was 2nd in the giant slalom and 2nd in the downhill.

Stephan Kaelin and Domeng Giovanoli from Switzerland, have accepted invitations for the Silver Belt and will participate on both days. They are highly regarded in the racing world and are expected to place well in the races, being capable of upsetting the favorites. Kaelin is the Swiss National champion and placed high in the downhill at Innsbruck. Giovanoli was in the top 15 in the men's downhill at the Olympics.

Karl Schranz, one of the greatest Austrian racers of all times will also be at the Bowl for the Silver Belt. Schranz won a silver medal in the giant slalom at Innsbruck, placing 2nd behind the great Francois Bonlieu of France. Schranz also took an 11th in the men's downhill, only two seconds behind the incomparable Egon Zimmermann. In the 1962 World Championships at Chamonix, France, he won the downhill, was 2nd in the giant slalom, and fourth in the slalom, thus giving him the combined title.

Besides the above-mentioned racers, the American Olympic team with their coach, Bob Beattie, will attend the two-day meet.

California ranks second to Oregon in lumber production among the 50 states.

YUBA COUNTY MAN IN ASSEMBLY RACE

Brooks M. Fiske has filed papers to run as republican candidate for the sixth district of the California State Assembly in the primary election, June 2, 1964. Fiske, a prune grower from Yuba County, believes that California needs more agricultural representation in Sacramento.

"There are two major water projects being developed in Yuba County, the Yuba County Water Agency project costing $167 million and the $133 million Marysville dam. We need representation to protect the water rights in the county of origin before we export water to another part of the state."

Asked about the Rumford Housing Act, Fiske stated he favors placing it on the ballot, so the voters and taxpayers may decide how they wish to manage their property.

"As for school financing, we're getting more and more children each year, but we're not getting more land. To avoid raising property taxes, we need to find a way to broaden the tax base. Possibly a sales tax is the answer." He also favors retaining local control of school boards.

Brooks Fiske, age 28 and a graduate of Claremont Mens College lives in Marysville with his wife, Antonia and 8 months old son, Leigh.

SAWYER SISTERS TO BE NEVADA FEATURE

CRYSTAL BAY—Opening Tuesday, April 7, on the stage of the Topaz Room theater-lounge and dining room of North Tahoe's Nevada Lodge are the three vivacious Sawyer Sisters with the Max Daffner Trio.

Born and raised in and around Tacoma, Washington; Susan Joan and Katie each specialize in a fascinating facet of show business. Susan, who serves as leader of the group, has a soft pleasing voice and, like her sisters, a wonderful personality. Joan sings most of the ballads. Katie, the youngest, has a natural flair for comedy. Together they do great harmony singing. And last, but not least, the Sawyer Sisters are backed by the happy-music of the Max Daffner Trio.

The versatility of the Sawyer Sisters is amazing. They range from their own special material to hit tunes of the day, folk music, hillbilly and even western and country tunes. They also dance, play banjo, guitar and, in great fun, the wash-tub or so-alled "gut bucket." Katie, for example, plays a set of tin cans which must be seen to be believed.

They come to the Topaz Room of the Nevada Lodge after successful engagements at the Flamingo, Showboat and New Frontier Hotels in Las Vegas. They will star at the Nevada Lodge through April 26.

Closing this Sunday, April 5, are the crowd-pleasing Suzie and the Night Owls.

Named On Committee

AUBURN—Two Tahoe men, Carl Bechdolt, Jr. and E. E. Thompson were named on a committee of ten to study the possibility of changing the supervisorial boundaries in Placer County. They were named by the county supervisors.

Oklahoma City now ranks as the largest city in area in the United States with 631 square miles.

STANLEY RALSTON CAMPAIGN CHAIRMAN

Howard R. Smith, democratic candidate for the office of California State Assemblyman, has announced the appointment of Stanley H. Ralston as campaign chairman. Ralston is a former Roseville city councilman and past chairman of the Placer County Democratic Central Committee. He is a well known Northern California businessman with stores located in Roseville, Auburn, Chico and Santa Cruz.

Smith, who has received the endorsement of the California Democratic Council, will be unopposed for the nomination on the democratic primary ballot in the June election.

Due to inclement weather the Fire Sirens of Crystal Bay cancelled their March meeting and set a new date—April 9 at 8 p. m. at the Crystal Bay Fire House. Fire Chief Jack Kissenger will speak on Fire Prevention to the membership and interested guests. It is hoped that fair skies will prevail, that this regular meeting will be huge success.

Sonya Steddom of Tahoe City fell and broke her arm last week. She is clerk at the Tahoe Judicial Court.

Velda Farris of Kings Beach enplaned to Huntsville, Texas, for a family reunion during Easter week at the home of her mother and her husband, Mr. and Mrs. R. B. White.

The Kings Beach T. P. A. held its regular monthly meeting on March 19 at the school. Following the business meeting the chorus under the direction of Nora Ferrari and Barney Wilen presented a fine program.

The school library was open for inspection of those present. Money raised at the Halloween carnival and the potluck supper was partly used for this purpose.

Bill Goodhue, Tahoe High teacher, talked on the joint scholarship dinner to be held May 1 at the Crystal Bay Club. The dinner is open to the public. Betty Goodhue was appointed chairman of the graduation party.

A nominating committee for new officers was appointed consisting of Darlene Bitler, Helene Hawkins, A. Brown, B. Alexander, Margaret Austin, J. Ruckheim. Election will be at the April meeting with officers taking over in May.

The Tahoe Coin Club met at the Tahoe Klahoya Lodge, Tahoe Vista, on Wednesday night. Due to Easter vacation the only members present were Curtis Hicks, Catherine Abbott, Joel Sigesmund and the host Alfonso de Luque. Date of the next meeting will be announced.

Dave and Marguerite Ashton and Mike of Kings Beach spent Easter in Sacramento with Dave's daughter and family.

Avery and Jean Wiggins of Kings Beach became the parents of a baby girl, Cynthia Ann, born March 19 at the Tahoe Forest Hospital at Truckee. Her birth weight was five pounds, ten ounces. Other children of the Wiggins' are Clarence, Caroline and Cathleen.

Spending Easter vacation with her uncle and his wife, Red and Mary Lou Waddell, at Kings Beach was Caroline Carelton of San Jose.

The Waddell's son, Art, went to San Diego to visit his grandmother, Mrs. Mary Waddell, and other relatives.

Last minute changes in their plans will keep Henry and Faye Gould in Palm Springs after the middle of April. They had planned to return to Kings Beach during Easter week.

L. J. and Elizabeth Streeper have returned to Tahoe Vista after spending the winter at Dana Point. While there they visited their son and family in San Diego frequently which made for an enjoyable change.

Mary Lynn Welch of Auburn spent Easter with her sister, Audrey, in Kings Beach.

Mr. and Mrs. Ralph Merrill and children, Catherine, Carol and Christine of San Francisco were weekend visitors to Ralph's mother, Bern May at Kings Beach.

Sandi Olsen, daughter of LaZelle Marley of Tahoe Vista, spent Easter vacation in Wheatland with her aunt and uncle, Mr. and Mrs. Al Osborne.

Signs of spring. The sudden disappearance of Ice Mountain in front of Jetta's Coiffures. The picks and shovels were flying fast under the supervision of H. E. McCoskey of the Crystal Bay Club. It looked as though we'd have skiing on that hill until the 4th of July. A nice gesture to Jetta.

Mr. and Mrs. Jack Lee of Van Nuys and son Rick, were guests of Gwen Robinson of Incline Village last week. The Lees spent a lot of time skiing at Alpine and Squaw Valley during their visit. They are also prospective buyers of a new home at Incline.

Spending Easter with Lyle and Adeline Gunkel at Tahoe Vista were daughters, Beverly from Chico State College, and Pat and her husband, Phil Edwards and their baby, Brooke, of Chico, and Adeline's brother, Paul Polson of San Jose.

The Gunkels are mighty proud of daughter, Beverly. She has accepted a position teaching English and journalism at the new Luther Burbank Senior High School in Sacramento. Her parents presented her with anew Rambler for graduation which will enable her to visit Lake Tahoe and parents often when she moves to Sacramento.

Dennis Luslow of Roseville was a guest at the North Shore Easter. Dennis skiied at Powder Bowl and Squaw Valley. He is a student at Sierra College and has placed second and third in several races he entered.

Paulette Brown visited parents Mr. and Mrs. Frank Austin of Tahoe Vista during the Easter vacation. Paulett is a student at Reedly College at Fresno.

SKI LODGE IS GIVEN COMMISSION OKEH

The Nevada County Planning Commission has conditionally approved the use permit application for operation of a ski lodge east of Norden on Highway 40.

The applicants are H. L. Garibaldi and W. J. Gouchie, Jr. The lodge is on property leased from the Southern Pacific Company and Garibaldi told the commission there was a difference of opinion between the railroad and the U. S. Forest Service as to who is the rightful owner.

The planning commission voted a condition of the permit that it apply only so long as the Southern Pacific owns the property.

WORK IS STARTED ON CRYSTAL SPRINGS JOB

Construction has begun on an interchange on Interstate 80 at Crystal Springs Road in Placer County about one-half mile west of Baxter, according to state highway officials at the Marysville district office.

One lane in each direction will be closed intermittently to traffic during the daylight hours and motorists are urged to drive with caution and observe warning signs in the area. There will be no traffic restriction at night.

Completion is estimated for early October.

A. Teichert & Son, Inc. of Sacramento is contractor for the $240,600 job. Arthur Nelson of Yuba City is resident engineer.

Speaker Is Named For Club Meeting

Dr. John Furbay

Dr. John Furbay, director, of Air World Education in 26 countries for TWA, a job which takes him flying over some quarter of a million miles annually, will be the guest of honor of members of the Reno Executives Club when they assemble for dinner Monday evening, April 13 at the Elks Club.

Holder of a doctor's degree in philosophy from Yale, Furbay is one of the most articulate speakers of a current crop of very articulate people. He makes as many as 40 speeches a month—many months—and has addressed audiences in as many as 22 countries in one year.

In 1955 he was "Man of the Year in Aviation." That year and again last year he was guest lecturer at the International Seminar, Geneva, Switzerland. Busy on his job with TWA he also was the consultant on Disney's film on Aviation.

WATER HEARING AT TAHOE IS DELAYED

SACRAMENTO — (CNS) — The state water rights board announced it has postponed a hearing which had been scheduled for March 24 concerning applications from the Harrah Realty Company, Thelma S. Schwimley and the Sierra-Nevada Water Company for permits from Madden Creek and Lake Tahoe in Placer and El Dorado Counties.

The applications are being protested by the Sierra Pacific Power Company and others.

The hearing will be reset at a later date.

Board Meetings Not Conducted Under Roberts Rules of Order

In some quarters, there apparently exists a misunderstanding over the conduct of meetings of the Nevada County Board of Supervisors.

Not being governed by the usual parliamentary procedure, such as prescribed by Roberts Rules of Order, the presiding officer is privileged to make and second motions, enter into discussions on all questions before the board and in general take the same part as any other member of the board.

This is evidenced by the fact that your present supervisor, who is chairman, has often presented motions beneficial to this district and has voted on all occasions.

Current rumors that the chairman is more or less a figurehead and not qualified to participate in matters before the board, are simply not true, as borne out by the record.

Your supervisor is available and will gladly answer any question pertaining to his office which his constituents may ask.

COUNTY GETS HUGE SHARE OF USE TAX

SACRAMENTO — (CNS) — Nevada County's share of highway user tax distributions in February was $26,921, State Controller Alan Cranston announced today.

Cranston reported $38,113,902 in highway user taxes was apportioned among the state, including $21,461,155 for expenditure on state highways; $7,956,936 to the counties; $3,542,273 to the state highway fund for cities; and $5,153,538 to the state highway fund for counties and cities.

The month's apportionment was 13 per cent higher than a year ago, reflecting in part the tax increases which took effect several months ago.

The apportionment was derived from these sources: gas tax, $34,270,689; diesel fuel tax, $2,667,755; transfer from the motor vehicle transportation tax fund, $870,783, and the balance from miscellaneous sources.

NEVADA COUNTY HAS 15,845 MOTOR CARS

SACRAMENTO — (CNS) — Nevada County had a total of 15,845 motor vehicles registered at the end of 1963, the state department of motor vehicles reported, as compared to 15,805 a year earlier.

The county's vehicle registrations included 10,552 automobiles; 3,243 trucks; 1,735 trailers; and 375 motorcycles.

Tom Bright, DMV director, said registration pushed the 10 million level but failed to reach that total, ending the year with 9,990,626 registered on December 31. This was a gain of 232,551 during the year.

SIERRA TRUSTEES TO OPPOSE UNRUH BILL

Trustees of Sierra College unanimously opposed the Unruh act, AB 46, calling for mandatory countywide unification of school district. Trustees took the action opposing the bill because they believed unification should come from the grass roots, not from "imposition from above."

Junior colleges in California are usually at least county-wide and are not effected by the measure. Sierra would not be effected.

MANY BEAR BAGGED BY STATE HUNTERS

Hunters bagged 685 bear in California during the 1963-64 season compared to 594 a year ago and an average bag of 806 per year over the past ten years, the department of fish and game reported.

There were 15 bear killed in Nevada County last year compared to eight the year before. In Placer County a record was set with 38 compared to the 35 the previous season. In Sierra County a record was also set when there were 23 compared to 19 in 1962-63.

An estmated 26,000 bear tags were sold during the season compared to 26,635 for 1962-63. Sixty-eight per cent of the bear killed were bagged during the deer season.

PARK COMMITTEE IS NAMED BY GOVERNOR

SACRAMENTO — Governor Edmund G. Brown has announced formation of a citizens committee to campaign for approval of a $150 million bond issue to finance purchase and development of beaches and parks.

The measure, similar to a proposition on the June, 1962, ballot which was rejected, will appear on the November general election there was not sufficient time to ballot this year. Brown contended mount a campaign for approval of the measure two years ago. There were reports at the time that only some $6,000 had been raised to finance the campaign.

The citizens committee is headed by the two authors of the bond issue bill, Assembly Speaker Jesse M. Unruh, Inglewood, and Placer County Superior Judge Ronald Cameron of Auburn. Cameron was a member of the state senate during the 1963 session.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO—(CNS)—Always during Legislative session, there are some amusing bills before the assembly. At this session of the legislature, one of these is AB 28, presented by a school-teacher representative from South San Francisco, Leo J. Ryan, a Democrat.

Ryan's measure calls on the legislature to impose a tax on the people of the state to finance legislative campaigns. He calls it a "purity of elections" measure, and says it is the result of a concern he has had for years as a teacher of political science.

In the first place, just how "pure" the measure is shows up in the proposed division of the money which would result from the annual tax of 50 cents.

Ryan would have the lion's share go to the palitical party in power, which at the present time is the Democratic party. Ryan happens to be a Democrat. So the "purity" of elections would be for the purity of the Democrats.

The assemblyman points out that the public in general has always shown a massive lack of interest in contributing to campaigns. Usually, the public is so busy trying to keep up with the excessive taxes voted by state legislature that there is no extra cash to contribute to the campaigns of an individual legislator.

This isn't enough for Ryan, however, as he believes additional taxes should be imposed to help out the financing of his campaign for office.

The legislator's measure sounds like further implications of socialism in government. It isn't enough that the people have to finance the legislature after it is elected, but under the Ryan plan,, the tax payer would be forced to contribute, whether he wanted to or not, to finance the campaign of the legislators.

The Ryan proposal would solve nothing. Obviously, if a tax were placed on the public for election expense purposes, some legislators could get additional money from various sources, and the situation would be no better than it is at the present time, as those who obtained extra financing would still be the top dogs because they had more money to spend.

The legislator says that for years, he has taught his students the founding fathers conceived and developed a truly remarkable system, which allows a free people to govern themselves.

Yet Ryan wants to change this system by forcing people to contribute to political campaigns, whether they want to or not. The amount of money involved is not large, per individual, but the principle of forced contributions is a real issue. For starting out at 50 cents per year, the legislation easily could be amended in the future to put the total price for participation in the financial end of elections in the categoryy of real money.

If Ryan is so concerned about the principles of the founding fathers, he might well consider that the constitution of the state and the nation does not contmplate financing elections through force.

He also says the press implies there is corruption under the present method of contributions. If corruption exists, he should know that the press will uncover it and present the facts to the people. Constant vigilance is one of the obligations of the press to the people.

BILL BOARD LAW IS STARTED IN SENATE

SACRAMENTO—(CNS) — Senator Randolph Collier, Yreka, has introduced a bill in the legislature calling for removal of most billboards within 660 feet of the edge of rights of way of highways within five years.

The bill, SB44X, would exempt five classes of billboards from its provisions, including those advertising sale or lease of the property on which they are situated; those designating name of owner or occupant of premises; those advertising business conducted or service rendered on the premises; those in land zoned commercial or industrial within a city or those located on land zoned commercial or industrial outside of an incorporated city.

Under the act, billboards along county highways no longer would be regulated but outdoor advertising along state highways in cities would be regulated.

The one on top is a world famous legend.

The one below it is the same legend redesigned into an all new station wagon.

It has the deluxe interior appointments and comfortable ride of a fine passenger car... carries six big adults plus more luggage and equipment than you can imagine. It's powered by America's only automotive overhead cam engine, the high torque Tornado OHC... offers optional extras such as automatic transmission, independent front suspension, power steering and power brakes. But the all new Wagoneer is really a 'Jeep' vehicle at heart.

The 'Jeep' Wagoneer goes up steep hills, over rough rugged terrain and through snow and mud that leave other cars helpless. And around slippery turns that cause fishtailing and skidding, it hugs the road with traditional 'Jeep' traction.

The big reason is 4-wheel "Drivepower".* All four wheels are power wheels instead of just two. Take a demonstration drive soon. You've never driven a car that can do the things this one can.

DONNER DOINGS

The Donner Lake Volunteer Fire Department answered a request to "stand by" with their fire truck and tanker at the tragic fire in Truckee last weekend.

Those responding were Fire Chief Raymond L. Harris, Assistant Fire Chief Paul Hormanski, Dr. Robert Affeldt, Tom Bonano, Sky Miles, Bob Roth, Harry Weiler and Hal Welch. Dr. Wiser attended to the injured and Robert Horton was on duty for the C. H. P.

* * *

Mrs. Raymond L. Harris, president of the Donner Lake Auxiliary, offered their assistance in the Truckee Disaster Kitchen, but the very capable Truckee Fire-Ettes, headed by President Constance Kammerer, had everything under control, with hot coffee and sandwiches ready for the fire fighters.

The Donner Lake Auxiliary is planning a fund raising old fashioned whist party, April 16 at Donner Lake Lodge. Tickets are available from any auxiliary member.

* * *

Dr. Robert Affeldt, president of the board of directors for the Donner Lake Volunteer Fire Department has called for a meeting of all directors on April 7, at 7:30 p. m. at the Fire House.

Incidently, any news you wish published, pertaining to the fire department or to the Donner Lake area, please contact Charlotte Harris or Janet Franklin.

president, will be on hand, Creglow said.

Yesterday, Creglow received a reservation request from 30 members of the Peninsula Airmen's Association who will be here for the celebration.

Governor Edmund G. Brown has been invited to dedicate the airport, along with Congressman Harold T. Johnson and State Senator Paul J. Lunardi. Other prominent figures are expected for the two-day event.

A feature of the show will be a race by the 99's a group of women pilots from Los Angeles, sponsored by Howard Fisher, base operator of the Truckee Tahoe airport.

Creglow said he is making good progress on financing a multi-colored brochure which will be used not alone to publicize the dedication but provide valuable information for the entire region. This is being financed by private concerns, the two counties involved and not by the district.

Local organizations, including the Truckee-Donner and North Lake Tahoe chambers of commerce, are assisting in arranging the program, Creglow said.

Tahoe Survey

(Continued from Page 1)

outstanding scenic resources and natural beauty of the Lake Tahoe region is world famous, attracting increasing thousands of vacationers each year.

Urbanization of the region is taking place at a progressively faster rate, thereby reducing opportunities to provide needed facilities for public use in natural, non-urban surroundings, the resolution declared.

Failure to initiate such projects as regional beach, park, recreation and historical facilities prior to the passage of Proposition 1, providing for an expenditure of $150,000,000 for acquiring and developing sites for beach, park and recreation facilities, will result in the delay of one year on the legislative approval of these projects, the resolution points out.

A copy of the resolution, No. 35, has been transmitted to the director of parks and recreation, Lunardi said.

Hotel Fire

(Continued from Page 1)

which was seeping from under a storeroom door down the hall.

Hatmaker said he ran to the door and opened it and was met with a wall of fire. Then, he added, he went from room to room arousing the guests and rushed to the Alpine Riverside Hotel to have the fire department summoned, returning immediately to aid in the rescue work.

Ellis Gives Aid

Jack Ellis, operator of the Riverside Hotel, said that as soon as he turned in the alarm, he too rushed across the street and through the smoke-filled halls, accompanied by one of his guests, Jack King, to see to it that all the guests were out of danger.

Ellis said he went to Peterson's room, found it empty and presumed the man had safely escaped.

There were only six or seven guests in the hotel and all managed to escape, except Peterson, most going out windows onto the ledge which surrounded the building from where they were removed by ladders set up by the rescuers.

For more than two hours the department fought the uncontrolable blaze and then turned attention to saving nearby structures by placing men on top of buildings to smother flying, flaming debris. The fire was not considered out until after 2 a. m. and even then a patrol was maintained.

Post Office In Danger

The Truckee post office, a matter of a few feet from the hotel, was not damaged, although Postmaster Louise McCallen and her capable staff, spent hours sacking mail from the boxes and other records in event their removal became necessary. The work of resorting and distributing the pile of mail continued Sunday.

The civil defense equipment from Tahoe City and the Donner Lake Volunteers joined the Truckee volunteers in answer to the two-alarm fire and rendered valuable assistance. Had it not been for the fine work of the volunteers there was better than an even chance the fire would have spread to nearby business places, including the Bank of America and the post office. Flaming embers were extinguished on top the Donner Hotel, immediately across the street.

Second Alarm

At 7:30 p. m. Sunday an alarm was turned in when smoldering debris ignited giving rise to fears the flames would again break out in the remaining portion of the structure.

The hotel at one time was one of the show places along the Southern Pacific, offering deluxe accommodations to travelers. Its huge dining room was patronized extensively.

Several years ago, the hotel was closed and the long-time manager, Robert Buddle, moved to Sacramento. Two Sacramento men purchased the building and moved it from near the depot to its location on Bridge Street.

The body of Peterson was removed to the Truckee Colonial Mortuary. Deputy Coroner William Mills said he located a sister, Mrs. Anna N. Wald at Grants Pass, Oregon.
